## Memphis Tutorial Association

### Study Skills for Students entering Grades 5-8

As part of the St. Francis summer program, Memphis Tutorial Association will offer a five session course designed to teach students how to study. The class will be taught by specially trained instructors from Memphis Tutorial Association. Instruction will be provided in the following areas: assessing and applying learning strengths, organization, goal setting, time management, note taking, reading comprehension, and test taking skills. This course is designed to offer more intensive instruction of study skills already being taught in the classroom. Facing ever-increasing academic demands, all students can get an extra boost from this course. Students who are making good grades will learn how to make their study time more efficient and productive, while students not performing to their best ability should see grades improve as they learn how to study more effectively or learn how to compensate while dealing with a learning disability.

**Dates: July 13-17 Monday– Friday Rising 5th-8th graders**

**Time: 8:00 to 9:00 am (no conflict with Summer Extension hours)**

**Cost: \$100**

**Make checks payable to MTA & turn into main office**

**If you have questions call MTA (683-3718) or Selwyn Parker**

**(759-5986) selwynparker@bellsouth.net**

**No discount on this independently offered course**
