

St. Francis of Assisi Catholic School

March, 2010

Dear Parents and Students:

Realizing the importance of reading as a fundamental tool of learning, the faculty annually composes a list of books for students. All students entering grades 2-8 will be required to read the designated book or books listed on the following pages. By reading these required selections, students may keep academically fit just as those who hope to play sports keep physically fit by attending camps and maintaining a summer training program.

During the first month of school, students entering grades 2-4 will be assigned Accelerated Reader tests, as well as written work to evaluate their summer reading progress. These assignments will not be a graded activity, but will be used to assess comprehension and writing skills.

In order to help deal with the literary skills needed at grade levels 5-8, teachers have prepared study packets to assist the students. Students are to read the materials carefully and follow all instructions given. These study packets will be handed out to each student prior to the end of the school year. These materials will also be available on the school website and in the school office. Students must have their own copies of the books and completed packets when the works are discussed in class.

Books on the school's Summer Reading Program list may be purchased from any of the local book stores or from another student. You may also check the local used bookstores.

If you have any questions concerning the reading material, please call 388-7321.

Thank you.

St. Francis offers summer reading programs for grades 5-8 for those students who would like to complete their summer reading in a small group setting with the assistance of a certified teacher. The reading of the designated novel(s), review of the material, and completion of the study packet are covered in this program. For more information, visit the "Summer Enrichment" tab on our website or call the school office at 388-7321.

2010 Summer Reading List

Students entering Grade 2 (*Choose 1 from any listed series*)

Students will be asked to complete a fill in the blank sheet stating the title, author, setting, 3 character names, their favorite part, and then draw a picture.
