

Enroll your student in the Science Explorers class at St. Francis this fall!

Day: Thursdays January 26-March 1st

Time: 3:15-4:00

Ages: Grades PK-1st

Cost: \$85

Class Descriptions

Magnetic Attraction

Experience the poles and power of magnets in this hands-on workshop that even provides children with the opportunity to make their own magnet to take home.

Human Body

Meet Mr. Bones and learn about the muscles and body systems.

Color Lab

Introduce your child to the exciting world of color. Learn about the colors of the rainbow and experiment with their creative side during an activity on color mixing.

Waterworks

Water is more complicated than it looks and through this exciting class children will learn all about the different properties of water. They will experiment with floating, sinking, absorption and so much more!

Energy and Motion

Children will explore the concept of energy and how energy gets things moving in this class that uses toys to help explain simple energy concepts.

Che-Mystery

Students will mix up some exciting experiments and explore the mystery of chemistry.
