

The students will be having so much fun they won't realize they are learning too!

## DISCOVER OUR WORLD

Take either session or both - each week a new topic!

Explore Earth science, weather phenomena, and experiment with some kitchen chemistry! Uncover the vital role science plays in detective work, examine the science behind popular toys, and get a buzz out of the amazing world of insects! Students will build their own Mad Science Machine, and create their very own short animated cartoon! Be electrified by the science of circuits and have a blast during Space Frontiers. And don't forget, you come home with your own cool experiment after each class!
